

La Cumbre Mutual Water Toilet Rebate Program

REBATE SUMMARY

A rebate of \$100 is available for the purchase of a qualifying new WaterSense High-Efficiency Toilet that uses 1.28 gallons per flush or less when replacing an old toilet that equals or exceeds 1.6 gallons per flush. Up to 3 rebates are allowed per qualifying account.

Toilets are by far the main source of water use in the home, accounting for nearly 30 percent of an average home's indoor water consumption. Older, inefficient toilets that use as much as 6 gallons per flush are a major source of wasted water in many homes.

Efficiency measures such as replacing water-guzzling toilets with the latest in low-flush toilet technology help to conserve and protect the La Cumbre Mutual Water Co. water supply. Recent advancements have allowed toilets to use 1.28 gallons per flush or less while still providing equal or superior performance. This is 20 percent less water than the current federal standard of 1.6 gallons per flush.

La Cumbre Mutual Water Co. customers may be eligible for a rebate when replacing an old high water use toilet with a qualifying High-Efficiency Toilet that displays a WaterSense label. WaterSense labeled High-Efficiency Toilets are independently certified to meet rigorous criteria for both performance and efficiency and are available at a wide variety of price points and in a broad range of styles. More information about the WaterSense label and qualifying toilets can be found online at: <https://www.epa.gov/watersense/products/toilets.html>.

REBATE PROCESS

1. Obtain and complete the application.
2. Submit a completed application **AND** a copy of the itemized, dated sales receipt for the new toilet within 45 days of purchase to:

RESIDENTIAL TOILET REBATE PROGRAM GUIDELINES AND CONDITIONS:

Qualifying Applicants

Customers who pay a water utility bill to La Cumbre Mutual Water Co.

Qualifying Toilets

New toilets must be rated at 1.28 gallons per flush or less and must bear the WaterSense label. New dual-flush toilets may qualify but must bear the WaterSense label. New toilets must be installed at the location on the application. Old toilets being replaced must equal or exceed 1.6 gallons per flush.

Rebate Details

Rebates are limited to three (3) toilets per single family billing account. Customers under a shared utility billing account qualify as individual units and may receive up to three (3) toilets each. Rebate will be credited to your bill.

Rebate Requirements

New toilets must be installed, and rebate application must be submitted within 45 days of purchase date. On-site compliance verification is required. Old toilets must either be inspected by a Water Conservation Program representative to verify eligibility, OR written verification by a certified plumber or contractor may be submitted with the rebate application. Written verification must include the plumber/contractor's license number. A copy of the original itemized, dated sales receipt for the new toilet(s) must be submitted with the rebate application. Toilet installation costs and new construction costs are not included in the rebate. Accessories and taxes are also not included. Old toilets that are removed from the property before verification of eligibility will NOT qualify for a rebate. If a plumber/contractor provides written verification of its eligibility, the old toilet may be removed.

Incomplete, incorrect, or unsigned applications cannot be processed and will be returned to the applicant. Applicants must fulfill all program guidelines to be eligible for a rebate.

Important Notes

- Possession or submission of a rebate application does not guarantee a rebate approval.
- Rebates are processed on a first-come, first-served basis.
- Rebate amounts are subject to change without notification.
- The rebate, if approved will be credited to the billing account.
- The Residential Toilet Rebate Program is subject to change or termination without notice.
