Notes on rate schedule above:

All private fire hydrant installations to include a flow detector meter.

*This special bi-monthly charge is for 3/4" services that used the noted HCF for the previous calendar year. (Effective Jan. 1, 2000)

**Connection charge may be higher if job is determined by management to be significantly costlier to install than a typical installation.

All fees must be paid in full. Connection Charge & Capital Cost Recovery Fee for new connections will be forfeited if meter is not installed within 12 months.

SERVICE & TRANSFER FEES: (Effective July 30, 2018)

\$250.00 - To be paid at the time of transfer of property
\$100.00 to re-issue stock only.
\$60.00 to transfer service to a new name only.

TEMPORARY HYDRANT CONSTRUCTION METER: (Effective July 1, 2022)

\$600 Setup Fee
\$268.80 per month charge
Water rate \$11.00 per HCF used

CHARGES FOR SPECIAL SERVICES: (Effective Oct 22, 2012)

1. To disconnect a meter - No charge.
2. To reconnect a meter - One year of bi-monthly meter capacity charges.
3. To install smaller meter in existing service - Time and materials. No credit for difference between meter capital cost recovery fee charges.
4. To up-size back to original larger meter - Time and materials plus 1 year of difference between larger and smaller bi-monthly meter charges.
5. To replace existing meter with larger meter - Difference in capital cost recovery fees between existing small meter and new larger meter plus connection charge for the larger meter.
6. To install second meter on same lot - Full connection charge.
7. To move meter - Time and materials.

OWNER'S RESPONSIBILITY FOR WATER CHARGES: The owner is responsible for the payment of all water charges and if such owner fails to pay said charges within sixty days, there will become a lien upon the land to which the respective shares of stock are appurtenant, and also upon said shares of stock and all rights and interests represented by such shares (Article VIII, Sec. 10, By-Laws).

PENALTY FOR NON-PAYMENT: If any accounts under the schedule of charges remain unpaid 30 days after the date of billing, they shall become delinquent and a penalty of 10% shall be added. If the total of said bill including the penalty is not paid within 10 days after the date of the delinquency notice, the water will be shut off and will not be turned on again until all arrears and penalties have been paid, including a \$25.00 charge for the resumption of service. Services shut off for non-payment shall continue to incur the bi-monthly meter charge for a period of six (6) months, after which the service will be disconnected. Service will then only be resumed upon payment of 25% of the regular meter connection charge, in addition to all unpaid charges and penalties.

INSUFFICIENT FUNDS CHARGE: There will be a charge of \$25 for any checks returned by your bank as not cashable.
